

Keeping groundwater sustainable under multi-functional pressures

Monday 5 October 2015, Geological Society, Burlington House, London

A joint meeting of the International Association of Hydrogeologists (IAH) and the Hydrogeological Group of the Geological Society, including the 2015 National Ground Water Association's Darcy lecture and the IAH Ineson Lecture.

09:30 – 10:30 Registration and Coffee

10:30 – Welcome

10:45 – **Ian Davey** (Environment Agency). *Oil, gas and groundwater: a perspective on risks*

11:15 – **Natalyn Ala** (Radioactive Waste Management). *Geological Disposal and Groundwater: What we need to know*

11:45 – **Darcy Lecture 2015: Prof Rainer Helmig** (University of Stuttgart). *Evaluating the Competitive Use of the Subsurface: The Influence of Energy Storage and Production in Groundwater*

13:00 – 14:00 Lunch (not provided)

14:00 – **Dr Michael Rivett** (University of Birmingham). *NAPLs – Here to stay?*

14:30 – **Dr Adam Broadhead** (Arup | Water). *Lost urban streams and springs buried beneath our feet – and what to do with them*

15:00 – **Prof Bob Harris** (University of Sheffield). *Getting the buggers to listen – trials, tribulations and success in delivering relevant scientific research*

15:30 – **IAH John Day Bursary presentation: Helen Robinson** (University of Glasgow)

15:35 – 16:10 Tea/Coffee

16:10 – **Ineson Lecture 2015: Prof David Lerner** (University of Sheffield). *From urban groundwater research to tampons: How did I get here?*

17:15 – Wine reception, Geological Society Main Library

Poster presentations on the theme of the meeting will be displayed throughout the day in the Main library.

Convenors: *Adrian Butler (HG, Imperial College London); Harriet Carlyle (IAH, Grontmij); Brighid Ó Dochartaigh (IAH, British Geological Survey); Michael Rivett (IAH, University of Birmingham)*
